What Women Need Is Not Cosmetics or Stimulating Drugs, But Plenty of Pure Red Blood, Rich In Iron

Physician Explains How Organic Iron—Nuxated Iron—Enriches the Blood, Strengthens the Nerves, Bullds Up Physical Power and Often Makes Weak, Pale, Careworn Women Look and Feel

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia-lack of iron in the blood-has fastened its

grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their

health better than women by eating coarser foods, being more

out of doors and leading more active lives, thereby keeping

their blood richer in iron and their bodies in better

physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is

placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There

are thousands of women who are ageing and breaking

down at a time when they should be enjoying that perfect bodily health which comes from plenty of

fron in the blood, simply because they are not awake

to their condition. For want of iron a woman may look and feel haggard and all run-down—while at 50

or 60, with good health and plenty

of iron in her blood, she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But

a woman cannot have beau-

tiful, rosy cheeks or an abundance of etrength and

endurance without iron, and physicians below have been asked to explain why they

prescribe organic fron— Nuxated Iron—to help sup-ply this deficiency and sid

in building a race of strong-er, healthler women.

Dr. James Francis Sullivan, formerly physician of Believue Hospital (Outdoor Dept.). New York and the Westchester County Hospital says: 'Many a woman who is rundown, easily tired out, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking such women who, simply by taking Nuxafed Iron might readily build up their red corpuscles, increase physical

the national guard at 100 men.

The adjutant-generals throughout the South contend that if this pian is adhered to in the reorganization work it may as well be abandoned before a start is made, for it will utterly impossible to form the state militia on that basis. The chief obstacle, they point out, by that the Southern states rely almost wholly on small cities and towns for the formation of military companies; that in communities of from 2,000 to 5,000 population it is utterly impossible to find 100 young men of military age who are willing to enlist; that the company quota should not be placed above the 65 yark, and in many communities even this figure is too high.

The members of the Mississippi delegation in congress will take up the matter this week with the bureau of milita affairs.

TO EQUALIZE RATES.

JACKSON, Tenn, Aug. 5. (Spl.)—Secretary A. J. McCiehee, of the Southern Interior Traffic League, has got to Louisville, Ky, to take part in another fight for the equalization of freight rates in justice to the interior towns as against river town competition. Mr. McGehee is in a most sanguine mood over the situation, declaring that more than baif of the battle has already been won.

The Drink Without a Regret-

MILK

When you drink milk you are directly benefited. Next to water there is no liquid which you can take into your system that will prove to be as wholesome and good for you as milk.

The value of milk both as a beverage and as a food is only dimly realized by a great many people. The economy of its use should not be overlooked in these days of highpriced foods.

NEGROES WISH TO COME HUNS WILL BURN BIG ZEPPELINS, THEY ASSERT

COBLENZ, Aug. 5. (By the Associated Press.)—Germans in charge of 24 Zeppelins near Berlin have threatened to burn them rather than deliver them to the allies as required by the peace treaty, according to information obtained by the American army authorities here, it is learned. The Zeppelins are each of 25 tons capacity and can fly from Berlin to San Francisco, according to carry 40 persons.

Germans are said to be seeking permission to fly the Zeppelins to the United States, hoping to fuld buyers for the airships there if this permission is not given, according to army information here, or some other satisfactory solution offered, the Germans will destroy the airships rather than allow the French and British to take possession of them.

the North during the flush times of the war are appealing to the whites here to help them back home, their love for the South being stimulated by the recent race warfare in Chicago and the troubles in Washington city.

Though Blue Mountain has about as many negroes as it cares for, the whites here are willing to have the prodigals return, especially as their misstonary work among the rest of the blacks is calculated to do much good in teaching them the truth about the position of the negro in the North. MOUNT KESCO, N. Y., A. 5. —Gamboge, a 12-year-old bull, brought the bigh price of \$65,000 at an auction sale of imported Jersey cattle held at the farm of Edmund Butler here. Gamboge was purchased by L. K. Walkley, of Southington, Conn., who also bought a 2-year-old heifer for \$6,500. One calf brought \$5,500. A total of \$158,200 was obtained for \$6 animals.

TROOPS BATTLE FIRE AMID BURSTING SHELLS

BARITAN, N. J., Aug. 5.—Six hundred soldiers and civilians of the government arsenal here fought desperately for several hours yesterday amid bursting shrapnel shells to prevent fire from reaching a magazine of six-inch high explosive shells and a nearby mine of trinitrotoluol. The fire followed a series of four explosions in a box car and ammenition magazines shortly after 1 o'clock in the afternoon.

It was first reported that a dozen men had been killed and a score injured but today the casualty list had been reduced to two slightly injured, both civilian employes at the arsenal.

FOX HUNTERS TRAIN DOGS FOR BIG CHASE

JACKSON, Tenn., Aug. 5. (Spl.)—The fox hunters of Madison and adjoining counties are getting their hounds in shape for the annual chases, which will take place this month during the regular meeting of the Forked Deer Red Fox club at Crawford Springs. Some of the best fox hounds in the country may be found in Madison county. Among those owning celebrated stock are: Ex-Sheriff R. C. Mayo, Hewitt Pegues, Chancellor J. W. Ross, T. C. Long, Jr., and others.
